Andre Sethi

About Me

From the moment I produced "Hello World" in the console of my first application. I knew I was hooked into the world of software developemnt. But software development has never been "just a job" for me, it has offered an engaging challenge to continuosly learn and improve my skills in creating high-quality software. What started with a simple "Hello World" has become a full-fledged passion that only gets more exciting as the days goes by.

Education

July 2015 - August 2019

B Tech
Manav Rachna International University

Programming Skills

- Python
- Django
- GitHub

Projects

Portfolio Website.

(**github.com/AndreSethi/my-portfolio-website**)
